SOUVENIRS OF INDIANS ARE PLACED ON SALE

Navajo Blankets and Handwork on
Exhibit at Bazaar of Maternal
Association at the Willard.

A collection of Navajo blankets and In-
dian handwork was on exhibit and sale
at the bazaar held by the Washington
Auxiliary of the National Indian Associa-
tion at the New Willard Hotel yesterday.

The bazaar was for the benefit of the
Kibikabai (the House Where They Are
Kind) Hospital, Indian Wells, Ariz.,
which was established by the association
for the treatment of tuberculosis and tra-
choma among the Navajo Indians.

The war-shirt, once the proud possession
of Young-man-afraid-of-his-horses, with
many "scalps" attached, was one of the
numerous relics and curios lent by pre-
minent artists and collectors for exhibit
only. The wares offered for sale in-
cluded moccasins, head-worked bags, or-
naments of virgin silver, blankets and
rugs.

Mrs. Winnie Rheams Hoxie, the sculp-
tress, donated a reproduction of her fa-
mous statue of Lincoln, which was offered
for sale. T. Carl Smith, the artist, also
presented several paintings in water
color.

Mrs. A. H. Lutzell and Mrs. Roger
Marsden were in charge of the doll ta-
ble. The two daughters of Representa-
tive Carter of Oklahoma presided at the
flower table, which contained a gift of
Mrs. Woodrow Wilson. The other booths
were presided over as follows: Mystery
table, Mrs. John Francis, Jr., and Mrs.
Ervin Fricker; basket and needle-work,
Mrs. J. A. Campbell, assisted by Mrs.
Emmett Hamilton, Miss Isabella Camp-
bell, and Miss Rebecca Jordan Chesney;
candy table, Miss Flora Johnson and Mrs.
Towner; bead work and corals, Miss
Blanche Baker, Mrs. Thomas Talliferro,
and Mrs. Curtis Hopkin.

Among those who served tea were Mrs.
Carl Smith, Mrs. Frederick H. Abbott,
Mrs. Franklin W. Collins, Mrs. T. J.
Howerton, and Mrs. M. H. Sawyer.

SENATOR PITTMAN TO SPEAK.

Nevada Legislator to Address Mis-
sissippi Society on Alaska.

Interest is being manifested in Con-
gressional circles concerning the address
on Alaska to be delivered by Senator
Key Pittman of Nevada before the Mis-
sissippi Society at Confederate Memorial
Hall, 1222 Vermont Avenue Northwest,
tomorrow evening. A large delegation
of members of the United States Sen-
ate, who are especially interested in
pending Alaskan legislation, is expected
to be in attendance.

In compliment to Senator Key Pitt-
man, who is a descendant of Francis
Scott Key, "The Star-Spangled Banner,"
will be sung by Mme. De Yo, with violin
and piano accompaniment by the Misses
Lella and Bessie Speer.

PUBLIC LIBRARY NEEDS ADDITIONAL ALLOWANCE

George F. Bowerman, in Annual Re-
port, Says Larger Force and In-
creased Salaries Are Necessary.

George F. Bowerman, librarian, rec-
ommended additional funds for the sup-
port of the Public Library in his an-
nual report to the Commissioners sub-
mitted yesterday, which was reiterated
by the Board of Trustees of that insti-
tution in their report.

Dr. Bowerman urges that the increased
demands made on the facilities of the
library necessitate a larger and a bet-
ter paid force of employees.

In reviewing the library's work, Dr.
Bowerman shows that expenditures have
increased from \$42,000 in 1904 to \$65,207
in 1913, or an increase of 55 per cent, while
the number of books loaned the same time has in-
creased 142 per cent.

A table of costs of maintaining libraries
in a number of the larger cities shows
that twenty out of twenty-six cities
make a higher per capita provision for
their libraries than does Washington.

The average per capita expenditure is
25 cents, against the 19 cents expended
in Washington.

BOY AND GIRL FARMERS TO VISIT WASHINGTON

Potato, Corn, and Tomato Growers to
Be Entertained, Along with South-
ern Prize Winners.

When the Canning Club girls and the
Corn Club boys from the Southern States
arrive in Washington on December 11,
boy and girl representatives of the Po-
tato, Corn and Canning Clubs of the
Northern and Western States will join
them in receiving diplomas from the Sec-
retary of Agriculture. They will also
be shown the sights of the city, their
expenses being paid by individuals and
local or State organizations interested,
and not by the department.

There will be twelve Canning Club
girls from as many Northern and West-
ern States and fifteen or twenty boys,
champion winners of the Potato and
Corn Clubs. Six States will send "potato
boys." Colorado will send a "Sugar Beet
Club" boy, the champion sugar beet
grower of the State, and the sole repre-
sentative of the club work recently start-
ed in this line by the Department of
Agriculture.

The work of the clubs, which the de-
partment has encouraged in the various
States, to interest the younger genera-
tion in agriculture, has been going on in
the Northern and Western States for
about a year and a half. The work
was started sooner in the Southern States,
as these were considered to have a great-
er economical need for it. Also, the Gen-
eral Education Board, of New York City,
offered to help out the work in the South
in order to remedy bad agricultural con-
ditions, and this board has materially
aided in inaugurating clubs to interest
boys and girls in growing corn, tomatoes
and cotton.

WARNING AGAINST PRESCRIPTION FRAUD

Department of Agriculture Has Been
Investigating Trick of Patent
Medicine Vendors.

The Department of Agriculture, under
the food and drugs act, has been
investigating a trick of patent medi-
cine and proprietary medicine vendors.
The department finds advertisements
in publications which state that the
man or woman whose name is at-
tached was saved from death through
serious disease through a wonderful
prescription given to him or her by
a physician of unusual skill, who will
not allow his name to be used, because
of medical ethics.

The offense made to supply this pre-
scription without charge to any one
who will address a post card to the
advertiser. People who do not stop to
wonder who is to pay for the adver-
tisement and the return postage and
writing of the prescription are caught,
and ask for the prescription. In due
course a regular prescription is re-
turned. This contains a number of
ordinary ingredients, and then, under
a technical name, will call for a large
portion of some patent medicine or
proprietary drug. The recipient takes
this to a drug store, and the druggist
finds he has to buy some of this patent
preparation in order to fill it. He has
to order a large package or bottle of
it, and to make a profit must charge
the customer a good price for filling
the prescription. The customer, of
course, gets what is, in effect, simply
a patent medicine, which, save that
it bears a druggist's label and a pre-
scription number, is the same as a
patent medicine sold under the maker's
own label and in the maker's own
bottle.

people, because the scheme is so
planned as to evade government laws.
The best the department can do is to
warn the people to be suspicious of
those who spend money for advertis-
ing space, postage, and letter writing,
seemingly out of their love for hu-
manity.
